

# YOULORMANS HILAIRE

Technical Product Support | Customer Success | Full-Stack Development  
Houston, TX • 407-455-3675 • youlormans@gmail.com • github.com/youlormansH

## SUMMARY

Customer-facing technology professional with 10+ years across technical product support, customer success, and sales — including SaaS product support at Intuit — paired with full-stack development training (JavaScript, React, Node.js, SQL). Track record of hitting core support metrics (95% CSAT, 85% first-contact resolution) while troubleshooting complex product issues for both individual consumers and business clients across phone, chat, and virtual channels. Comfortable reading technical documentation, working with APIs and developer tools, and translating complex concepts for non-technical users.

## TECHNICAL & PROFESSIONAL SKILLS

**Languages & Frameworks:** JavaScript, TypeScript, React, Node.js, Python, Java, C++, PHP, HTML5, CSS3

**Data & APIs:** SQL, MySQL, NoSQL, REST APIs, Postman, API debugging fundamentals

**Tools & Platforms:** Git/GitHub, Jira, Salesforce/CRM, Figma, ticketing & case-management systems

**Support & Success:** Technical troubleshooting, escalation management, SLA/CSAT/first-contact-resolution metrics, client onboarding & implementation, knowledge-base documentation, retention & account growth

## EXPERIENCE

**Partner & Business Consultant** | CEPowerTax — Orlando, FL

Jan 2022 – May 2026

- Served as trusted advisor to 100+ individual and small-business clients, guiding them through complex, high-stakes compliance requirements and translating technical regulations into clear, actionable steps.
- Managed the full client lifecycle — onboarding, implementation, ongoing support, and renewal — across multiple simultaneous engagements while maintaining high satisfaction and on-time delivery.
- Selected and administered the firm's software stack and digital workflows, applying a developer's perspective to tooling, automation, and process improvement.

**Business Tax Expert (SaaS Product Support)** | Intuit — Remote

Jan 2024 – Apr 2025

- Delivered expert product and domain support for Intuit's tax software platform, resolving 85% of customer inquiries on first contact via phone, chat, and screen-share sessions.
- Diagnosed and resolved complex product and account issues for business customers — deductions, payroll, bookkeeping integrations, and filing workflows — while meeting productivity, quality, and CSAT targets in a fast-paced remote environment.
- Context-switched daily between guiding first-time consumer users and advising business owners on advanced scenarios, adapting communication style to each persona.

**Full-Stack Web Developer Intern** | University of Central Florida — Orlando, FL

Mar 2023 – Jul 2023

- Built and supported responsive web applications with HTML, CSS, JavaScript, and React, contributing to interactive user interfaces.
- Developed server-side functionality and database integration using Node.js and MySQL; gained hands-on experience with NoSQL databases and progressive web app concepts.
- Used Git/GitHub for version control and collaborated within a full-stack development workflow from feature design through debugging and deployment.

**Sales Consultant → Team Lead** | AT&T — Orlando, FL

Jan 2020 – Jul 2022

- Led a sales team to a 50% increase in annual revenue by implementing training programs and performance-driven incentives.
- Designed and executed a customer segmentation strategy that grew B2B sales 20%; managed key client relationships, lifting retention 15% and increasing customer lifetime value.

**Customer Service Representative** | Spectrum — Orlando, FL

Jan 2017 – Jul 2020

- Achieved a 95% customer satisfaction rate supporting telecom/internet customers through troubleshooting, feedback-driven service improvements, and consistent quality standards.
- Cut average resolution time 20% by optimizing ticket-handling workflows; trained and mentored new hires, reducing onboarding time 15%.

## EDUCATION & CERTIFICATIONS

**B.S. in Business Administration** — University of Central Florida, Orlando, FL

**Full-Stack Web Development Certificate** — University of Central Florida
